Premier provider of stand-up paddleboard rentals in the Lake Norman area

What is a Stand-Up paddleboard?

Standup Paddleboarding has been around for years. It started in Hawaii and has been spreading across the world. It is essentially an oversized surfboard with a long paddle used to cruise around the water. Most people around this area have seen these boards at the beach, generally in the surf. They are equally fun on the lake. The view and perspective from standing just inches above the water is unique, peaceful and enjoyable. It is easy to stop, swim and get right back up on the board again.

Rental is a great way to try the sport before you decide to invest your money. Rest assured, if you enjoy the water, you will enjoy stand-up Paddleboarding.

Pricing

2021 Version

When you are ready to try this out, Moose Paddleboard Company can provide an adventure that will make for a fun time. Rates are based on the Mooresville NC area, a trip charge may be required for meeting locations that incur additional miles.

Lessons:

First additional board	\$25
Each additional board	\$10

* It will be at the discretion of Moose Paddleboard Company to release boards for unsupervised use.

Great way to enjoy a day on and in the water.

Adventures

How this thing works:

We decide on when, how many boards you need and where to meet.

I have a trailer to bring the equipment to a location on the lake, such as a boat launching park or marina or even your lake house. I currently have 13 boards (10 adult 3 child size) available so gather up your friends, it is a great group activity.

I will provide all the training to ensure you enjoy the standup paddleboard experience. I am a middle aged, less than athletic man ("old geezer" according to my daughters) that has been able to do this. Lots of fun, especially in a group.

Moose Paddleboard Company is based on Lake Norman, in the Mooresville, NC area.
